trivial character are
the ones which strike
deepest in the grateful
and appreciating
heart.*

'DO IT ANYWAY'

- People are often unreasonable, illogical and self-centered; Forgive them anyway.
- If you are kind, people may accuse you of selfish, ulterior motives; Be kind anyway.
- If you are successful, you will win some false friends and some true enemies; Succeed anyway.
- If you are honest, people may cheat you; Be honest anyway.
- What you spend years building, someone could destroy overnight; Build anyway.
- If you find serenity and happiness, people may be jealous; Be happy anyway.
- The good you do today, people will often forget tomorrow; Do good anyway.
- Give the world the best you have and it may never be enough; Give the world the best you've got anyway.

You see, in the final analysis, it is between you and God; it was never between you and them anyway.
